Quality made certain. Satisfaction guaranteed.™

Classic New England character is its signature.

A hard working product that is the product of hard work These are heavy-duty, hard-working shingles built to weather the elements and the storms that so often accompany the changing seasons. The mat is an especially tough fiber glass. The laminate construction offers strong protection against rot, decay, and damage from the sun's rays.

After all, what good is a beautiful roof if it doesn't stay beautiful?

WinterGuard™

Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in vulnerable areas.

Roofers' Select™

High-performance underlayment is a secondary barrier against leaks for the entire roof.

Shingles and Accessories

High-quality shingles are covered by one of the best warranties in the business. Accessory products—starter course, and hip and ridge cap shingles—complete your roof from start to finish.

Ventilation

Proper attic ventilation improves air circulation.

Roofs are big. Color is important. Choose wisely.

1. **Think big**—View a full-sized shingle, not just a swatch or sample.
2. **Be real**—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. **Watch the light**—As you look, notice how colors appear under changing light conditions and at various times of day.
4. **Consider the pitch**—Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. **Ask your contractor**—They might be able to point you to a home where they've installed a roof of your style and color.

Add a little accent to your roof.

For an extra finishing touch, CertainTeed offers Shadow Ridge™, an added accessory for capping hips and ridges. It comes in several colors, meaning there's one to coordinate with your Woodscape shingles.

Easy selection. Long-term protection. And a #1 rating with building and remodeling professionals.
